

**The State I'm In**  
(Midwest States)

**CHORUS:**

It's just the State I'm in,  
It's in my mind; it's built in.  
The North-Central States and the cities within'.  
The State I'm in (*what?*).  
It's in my mind; (*ho!*) it's built in.  
American capital cities within.  
(Repeat Chorus)

I'm in **North Dakota**, and what I know,  
Sunflowers are what they grow.  
They're so bright; they kept away the dark,  
o I can rock you all night in **Bismarck**.

I'm in **South Dakota**, ya know the score.  
Carved in the rocks is Mount Rushmore.  
And I was gonna stop right here,  
But that night I had a show in the city called, **Pierre**.

I'm in **Nebraska**; I got a shiver.  
'Cause this State has the most miles of river.  
I swam all day, and I swam all night,  
And that night I'm in **Lincoln** to rock the mic.

**CHORUS:**

It's just the State I'm in,  
It's in my mind; it's built in.  
The North-Central States and the cities within'.  
The State I'm in (*what?*).  
It's in my mind; (*ho!*) it's built in.  
American capital cities within.  
I'm in **Kansas** state to do a show,  
When my tour bus gets hit by a tornado.

It whirled me all around, then it dropped me to the ground,  
Facedown in **Topeka**, is where I was found.

I'm in **Minnesota** when I awake.  
Surrounded by ten thousand lakes.  
So I paddled my boat to the concert hall.  
And we partied all night in **St. Paul**.

I'm in **Iowa** the next day,  
Rockin' all out in the Hawkeye State.  
I do a big show and make big coin,  
My fans go crazy in the city **Des Moines**.

**CHORUS:**

It's just the State I'm in,  
It's in my mind; it's built in.  
The North-Central States and the cities within'.  
It's in my mind; (*ho!*) it's built in.  
American capital cities within.

I'm in **Missouri**; I know the scene.  
The biggest cash crop is the soybean.  
But when I hit the stage in **Jefferson City**,  
The biggest cash crop is gonna be me.

I'm in **Wisconsin** on a tour date,  
And I'm gonna rock this Dairy State.  
The stage explodes when I pull the pin,  
I hit the mic hard in **Madison**.

I'm in **Illinois** when I see  
A huge mob of fans chasing after me.  
So I ran all around the Prairie State,  
**Springfield** all night I can hardly wait!

**CHORUS:**

It's just the State I'm in,  
It's in my mind; it's built in.  
The North-Central States and the cities within'.  
The State I'm in (*what?*).  
It's in my mind; (*ho!*) it's built in.  
American capital cities within.

I'm in **Michigan** and my tires squeal.  
They make cool rides, cool automobiles.  
My music overheats the rockin' gage.  
When I'm in **Lansing** up on the stage.

I'm in **Indiana** still driving fast,  
I got the needle pinned when I hit the gas.  
**Indianapolis** is where I lap  
Five hundred times around the track.

I'm in **Ohio**, this is where I belong.  
It's where the Rock and Roll Hall of Fame makes its home.  
'Cause I bust all day, I bust around the clock,  
And I bust in **Columbus** where I come to rock.

**CHORUS:**

It's just the State I'm in,  
It's in my mind; it's built in.  
The North-Central States and the cities within'.  
The State I'm in (*what?*).  
It's in my mind; (*ho!*) it's built in.  
American capital cities within.

(Repeat Chorus)
